

28<sup>th</sup> September 2020

Dear Parent/Carer

### **Parental Consultations**

As you know, Health and Safety continues to be our biggest priority at this time as we continue to follow all guidelines and risk assessments in place to ensure that we are providing the safest possible learning environment for our pupils and staff. Unfortunately, this also means that we are having to make some changes to our calendar of school events and consider alternative methods of working.

Our Parental Consultations are normally held at this time and this is a great opportunity for teachers to share the progress that pupils are making across the curriculum. As we are unable to hold these this term, staff are currently putting together a short summary of progress that you will be able to access through your child's Online Learning Journal. This will be available on **Friday 23rd of October**.

While we know that this doesn't replace the valuable face-to-face discussion normally held, we hope that it provides you with some up-to-date information about how your child has settled back into school and about their progress and achievement to date. Pupils will also bring home a copy of their 'Looking Back, Looking Forward' sheet which they will have completed as part of a learning conversation to further support this.

As always, if you have any concerns or questions relating to your child and their learning and/or wellbeing, please contact the school office, where your child's teacher will be happy to contact you regarding this.

Yours sincerely

Mrs L Findlay  
Head Teacher
